

Keynote Myant lecture - Frederick Raal (Johannesburg)

**REGISTRATION IS OPEN** 

# Lipids - one huge step for healthcare? PROGRAMME

### Tuesday 5 July

TIME	ТОРІС	SPEAKER	LOCATION
16:00 – 18:30	HEART UK Board meeting	Hosted by: Jules PAYNE	Radcliffe House - Mtg space 37 - 1st floor
16:00 - 22:00	EXHIBITION BUILD		Oculus foyer
18:45 - 19:15	HEART UK - meet the team (invited guests only)	Hosted by: Jules PAYNE	Radcliffe House lounge area - ground floo
19:30	HEART UK + informal speaker dinner (invited guests only)	Hosted by: Jules PAYNE	Radcliffe House private dining room

#### Wednesday 6 July

TIME	ТОРІС	SPEAKER / HOST	LOCATION
07:00 - 09:00	Breakfast (Bluebell House residential guests only )		Rootes Building - 1st floor restaurant
08:30	Registration opens		Oculus foyer
09:00 - 11:00	HEART UK MS&R Committee meeting	Chair - Prof Handrean SORAN	Oculus room OC 1.01 - 1st floor
11:00 - 11:15	Comfort break		
11:15 - 12:30	Lipid Interest group meeting	Chair - Alison POTTLE	Oculus room OC 0.02 - grnd floor
11:00 - 12:30	Registration   Networking   Exhibition		Oculus foyer
11:45 - 12:30	Lunch		Oculus foyer
	Chairman's Welcome		
12:30 - 12:40	Celebrating 20 years since the BHA/FHA merger	Dr Peter GREEN	Oculus LT 1.05 - 1st floor
	SESSION ONE		
	Co-chairs: Peter PENSON + Michaela NUTTALL		

	Plenary speaker		
	Tackling Cholesterol Together - The Role of Pharmacy & New		
	Therapeutic Options		
	Pharmacy Role in Tackling Hyperlipidaemia & New Therapeutic		
12:40 - 13:05	Options	Dr Rani KHATIB (Leeds, UK)	Oculus LT 1.05 - 1st floor
13:05 - 13:15	Discussion		
	Plenary speaker		
	CVD risk and gender reassignment		
	Gender reassignment therapy has been associated with elevated		
	triglyceride concentrations, often accompanied by an increase in		
	high density lipoprotein levels, reduced circulating homocysteine		
	(Hcy), uric acid and creatinine levels as well as an adverse effect on		
	glycaemic control. Therefore, vascular risk factor screening and		
	potential intervention may be required prior to and during gender		
12:15 12:10	reassignment therapy (both hormone and surgical).	Dr Devi NAIR (London, UK)	Oculus LT 1.05 - 1st floor
13:15 - 13:40	Discussion		00003211.05-1301001
13:40 - 13:50			Oculus fover
13:50 - 14:20	Refreshments   Networking   Exhibition		Oculus foyer
	SESSION TWO - Fats v Carbs in Lipid Management - the		
	Controversy Chair: Alan FLANAGAN		
	Plenary speaker		
	Fats versus carbs in lipid management - the controversy: Evidence	<b>a</b>	
	for fats and carbs		
	In contrast to controversy, there is now clear consensus on the amount and		
	quality of dietary fat and carbohydrate for the management of blood lipids.		
	Controversy has arisen over the effects of extreme diets which exclude one of		
	these macro-nutrients. While there is consistent evidence that this dietary		
	, approach can help to promote weight loss and improve weight-related		
	biomarkers of cardiovascular risk, an important and outstanding question is		
	whether high fat, low carb diets carry potential for adverse effects on blood		
14:20 - 15:20	cholesterol?	Prof Bruce GRIFFIN (Surrey, UK)	Oculus LT 1.05 - 1st floor
15:20 - 15:30	Discussion		
15:30 - 16:00	Refreshments   Networking   Exhibition		Oculus foyer
	SESSION THREE - sponsored symposia		
	Symposia session 1		
	New approaches and innovation in lipid services – 2022 and		
	beyond		
	Chair: Dr. Adie Viljoen		
	chail. Dr. Adle vijben	Dr Rani KHATIB	
	Session 1: Innovative, centralised multidisciplinary medicines		
	optimisation clinic for PCSK9 inhibitors - Dr. Rani Khatib	Dr Stewart PATTMAN	
	· · · · · · · · · · · · · · · · · · ·	Dr Catherine TUCKER	
	Session 2: LOSP project and using innovative tools for case findin	9	
	- Dr. Stewart Pattman / Dr Catherine Tucker		
	This symposium is intended for UK Healthcare Professionals only		
16:00 - 16:40	Sponsored by Sanofi		Oculus LT 0.03 - ground floor
16:40 - 16:50	Changeoever		

	Symposia session 2		
	What more can we do to optimise lipid management in your		
	patients experiencing statin intolerance		
	This sponsored promotional symposium is organised by Daiichi		
	Sankyo UK. The speaker faculty will discuss the clinical management of patients with elevated cholesterol intolerant to statin therapy.	Dr Yassir JAVAID, Cardiology GPSI and Clinical lead for Cardiology East Midlands Clinical Network	
	This symposium is intended for UK Healthcare Professionals only	Professor Sudarshan RAMACHANDRAN, Consultant Chemical	
		Pathologist, University Hospitals Birmingham / University Hospitals	
	Sponsored by Daiichi-Sankyo	of North Midlands	
16:50 - 17:30			Oculus LT 0.03 - ground floor
17:30 - 18:30	Break - check into accommodation		
17:30 - 18:00	HEART UK AGM	Chair - Jules Payne	Oculus LT 1.05 - 1st floor
		FH Nurse host: Lisa Griztmacher	
18:30 - 19:10	FH nurses + pharmacy informal networking session	Pharmacist host: Catherine Tucker	Oculus - 1st floor landing
18:30 - 21:30	Welcome reception and buffet reception		Oculus foyer
	Chairman's welcome   Dr Pete Green		
	Premium sponsor welcome   Debbie Woods (Head of Medical, UK and		
	Ireland, General Medicines, Sanofi)		
19:30:00	Presentation of the Rianna Wingett award by Dr Alan Rees		
21:30:00	Evening ends		

## Thursday 7 July

TIME	TOPIC	SPEAKER / HOST	LOCATION
07:00 - 09:00	Breakfast (Bluebell House residential guests only )		Rootes Building - 1st floor restauran
08:00 - 09:00	Healthcare committee meeting	Hosted by: Michaela Nuttall	Oculus room OC 1.01 - 1st floor
08:30	Registration opens		Oculus foyer
08:30 - 09:20	Refreshments   Networking   Exhibition		Oculus foyer
08:45 - 09:15	Pharmacy networking meeting	Hosted by: Catherine Tucker	Oculus 1.03 - 1st floor
09:20 - 09:25	Opening remarks	Dr Nigel CAPPS	Oculus LT 1.05 - 1st floor
	SESSION FOUR		
	Co-chairs: Sara JENKS + Kate SHIPMAN		
	Plenary speaker		
	Statin myopathy and myositis		
	To provide a background about adverse events related to statins and		
09:25 - 09:50	the spectrum of associated muscle involvement.	Prof Hector CHINOY (Manchester, UK)	Oculus LT 1.05 - 1st floor
09:50 - 10:00	Discussion		

The role of non-invasive CT coronary angiography in the Lipid Clinic       An overview of the past, current and future CT technologies that non- invasively assess for coronary artery disease and how they can impact the clinical management of high risk asymptomatic patients       Dr Jonathan C. L. RODRIGUES (Bath, UK)       Occlus LT 1.05 - 1st floor         10:00 - 10:25       with lipid disorders. responsibility for the care of patients within the NHS, including in specialist roles and Advanced Practice. Whilst career paths in clinical medicine are clearly defined and structured, this is not always the case for other healthcare professionals. In this we will consider what career paths exist for healthcare professionals in the field of lipids, and how these relate to qualifications and credentialling. We will facilitate a discussion about what changes may be needed to achieve more structured career progression, and to make more effective use of the skills and experience of nurses in lipidology. Oculus mtg OC 0.02 - grnd fl

SESSION SIX - Lp(a)	12:55 - 13:15	or the skills and experience of horses in lipidology.		Oculus mtg OC 0.02 - grnd floor
SESSION SIX - LD(a)				
Co-chairs: Mike KHAN + Dermot NEELY		Co-chairs: Mike KHAN + Dermot NEELY		

	Plenary speaker		
	Lipoprotein(a): Cardiovascular Risk and Emerging Therapies		
	This lecture will provide the latest updates on Lp(a) biology and		
13:30 - 14:00	clinical trials of Lp(a) lowering	Prof Sotirios (Sam) TSIMIKAS (San Diego, USA)	Oculus LT 1.05 - 1st floor
14:00 - 14:10	Discussion		
	Plenary speaker		
	State of the nation - UK view on Lp(a)		
	Presentation of the findings of a recent survey performed by HEART		
	UK of lipid clinics and clinical biochemistry laboratories to		
	understand the availability, methodology and application of		
14:10 - 14:35	lipoprotein(a) measurement in the UK.	Dr Jai CEGLA (London, UK)	Oculus LT 1.05 - 1st floor
14:35 - 14:45	Discussion		
14:45 - 15:30	Refreshments   Networking   Exhibition		Oculus foyer
	SESSION SEVEN	SESSION SEVEN	
	Abstracts of free communications   Medical & Scientific	Abstracts of free communications   Primary & Healthcare	
	Oculus LT 1.05 - 1st floor	Oculus LT 0.03 - ground floor	
	Co-chairs: Gordon FERNS + Yee Ping TEOH	Co-chairs: Elizabeth HUGHES + Alison POTTLE	
	FC 1		
	Lomitapide in the long-term real-world management of HoFH –	FC 6	
	effectiveness, tolerability, and hepatic safety from the Pan-	Cardiovascular disease morbidity is associated with social	
	European study	deprivation in subjects with familial hypercholesterolaemia (FH):	
	Jai Cegla (London, UK)	a study comparing FH individuals in UK primary care and the UK	
		Simon Broome register linked with secondary care records	
15:30 - 15:40		Barbara Iyen (Nottingham, UK)	
15:40 - 15:45	Discussion	Discussion	
	FC 2	FC <sub>7</sub>	
	Posttranscriptional regulation of the LDL Receptor in humans by	Modelling a two-stage screen for autosomal dominant familial	
	the U2-spliceosome and its interactors	hypercholesterolaemia (FH) in UK Biobank	
15:45 - 15:55	Marta Futema (London, UK)	Jasmine Gratton (London, UK)	
15:55 - 16:00	Discussion	Discussion	
		FC 8	
	FC 3 -	Familial Hypercholesterolaemia - a targeted Next Generation	
	The effect of adjusting LDL-cholesterol for Lipoprotein(a)-	Sequencing panel and retrospective analysis of patients with no	
	cholesterol on the diagnosis of Familial Hypercholesterolaemia	previously identified pathogenic variant	
16:00 - 16:10	Ben Jones (London, UK)	Eloise Willis (Cardiff, UK)	
16:10 - 16:15	Discussion	Discussion

	Diagnosing Familial Hypercholesterolaemia (FH) as an additional finding from taking part in the 100,000 genomes project, the Wessex experience 18 <mark>Catherine Sherman</mark> (Southampton, UK)
	Cascade screening for lipoprotein (a); controversies and guidance 19 Kate Shipman (London, UK)
	NHS North Thames Genomic Medicine Service Alliance (NHS NTGMSA) Pilot: Implementing UCLPartners Proactive Care Framework for Familial Hypercholesterolaemia Screening and Cascade Testing in Primary Care         20       Dominic Studart (London, UK)
10:00 - 10:10	Comfort break
	SESSION NINE - sponsored symposia

	Symposia session 3		
	Novel Therapies to Manage Cardiovascular Risk	Dr Peter PENSON	
		Reader in Cardiovascular Pharmacology & Leader of the Clinical	
	This promotional symposium is initiated, developed and funded by ©		
	Amarin Pharmaceutical Ireland Limited. The speaker faculty will	Liverpool John Moores University	
	discuss pathways of residual risk and explore novel therapies to	Dr Adie VILJOEN	
	manage residual risk to help identify potential patients.		
	This symposium is intended for UK Healthcare Professionals only	Consultant Chemical Pathologist Metabolic Medicine & Honorary Consultant	
	This symposion is intended for OK Healthcare Projessionals only	Lister Hospital, Stevenage & Cambridge Universities NHS Trust	
10:10 - 10:50	Sponsored by Amarin		Oculus LT 0.03 - ground floor
10:50 - 11:00	Changeoever		
	Symposia session 4		
	Clarifying the appropriate population for Repatha® (evolocumab) with Prof Handrean Soran		
	This symposium is intended for UK Healthcare Professionals only		
11:00 - 11:40	Sponsored by Amgen	Prof Handrean SORAN (Manchester, UK)	Oculus LT 0.03 - ground floor
11:40 - 12:10	Refreshments   Networking   Exhibition		Oculus foyer
	SESSION TEN		
	Clinical Lipidology Live		
12:10 - 13:10	Live patient case studies and discussion	Facilitator: Dev DATTA + Michaela NUTTALL	Oculus LT 1.05 - 1st floor
	Closing remarks - what one thing has had the biggest impact on lipids		
13:10 - 13:20	in the last 35 years?	Dr Pete GREEN (chair - HEART UK)
